

Fastener Torque & Tension Control Tools Including MES Compatible Solutions

Torque & tension control tools, including reactionless transducer-controlled tools with process control abilities to communicate with MES and other similar platforms.

Engineered OEM and Aftermarket Solutions

Bolted hardware engineered to hold tension under extreme conditions and vibration, engineered thread-locking adhesives and pivot pins that eliminate lug wear.

UPTIME Repair Services and Rental Including the Major Brands Below

We repair all makes and models of power tools, hydraulics, and hoisting equipment, including the major below brands. We also rent hydraulic tensioners from BOLTIGHT.

BOLTIGHT™

DOTCO**

PRECISION ASSEMBLY

- eFlex Systems - MES
- Controlled Fastening Tools
- Nut Runners
- Parts Driving Systems
- Pulse Tools
- Screwdrivers
- Sockets
- Rotary Torque Measuring Equipment
- Echometers – Ultrasonic Bolt Measurement
- Tool Repair and Calibration Services
- Torque Reaction Arms & Smart Arms
- Shadow Boards & Smart Boards

Custom Lifting

- Custom Handling Devices
- Cranes, Hoists, Jibs & Rail

OEM Solutions

- Adhesives
- Mechanical & Hydraulic Tensioners
- Visual Bolt Tension Indicators
- Pivot Pins

Plant Maintenance Solutions

- Energy Recovery Systems
- Large Nuts and Bolts - Tensioners
- High Torque Tooling

Material Removal Solutions

- Abrasives, Carbides & Chisels
- Grinders / Sanders / Finishing Tools
- Power Tools & Hoists
- Pneumatics & Hydraulic Equipment
